Important Information

Waiting Periods

When you first join CUA Health or upgrade your cover to include new services, there's a period you'll need to wait before you're able to claim certain services.

If you're transferring from another health fund, we'll recognise any waiting periods you've already served with your previous health fund for the same services on an equivalent level of cover with CUA Health. Please refer to the CUA Health Member Guide for more information on transferring from another health fund.

This table shows the waiting periods that apply to different services:

Ambulance Cover	
Accident (<i>Unforeseen and sudden event occurring by chance and caused by an external force or object, resulting in involuntary bodily injury requiring immediate treatment from a medical practitioner, which occurred after joining the fund. It does not include any condition that can be attributed to medical causes.</i>)	1 Day
Rehabilitation, Palliative care and Hospital Psychiatric services	2 Months
All other hospital treatments	2 Months
Pre-existing conditions, ailments or illness (<i>A pre-existing condition is an ailment, illness or condition that, in the opinion of a Medical Practitioner appointed by us, existed at any time in the 6 months before you became insured under or changed your cover.</i>)	12 Months

Excess

An Excess is an amount you contribute towards the cost of your hospital stay or day surgery on admission. Having an Excess is a way of reducing your premium.

There are two Excess levels you can choose from on this product: \$500 or \$750. The Excess applies per person, per calendar year. Excess does not apply to dependent children on a policy.
